## HOW IT WORKS

We have two systems which work in a complimentary way.

- that's mine Drive**, where you distribute the brochures, set a firm date for their return and post them back to us in one batch. We will print and despatch the orders back to you, and credit your bank account with your commission, the next working day.

See table above for the **amazing bonus commission rates paid** and **bonus gifts** you can win.

- that's mine Automatic fundraising**, a fully automatic system where you simply display or distribute brochures. The customer returns the order to us directly and we despatch directly back to them. The individual brochure codes tell us which school the order belongs to and we automatically tally the commission and credit your bank account each quarter.

**Orders received this way attract 10% commission.**

To maximise your fundraising returns, we suggest you conduct two drives per year and use the automatic system to catch any orders in between.

## WHAT TO DO NOW

Fill in the sign-up sheet below and post or fax it to us. You don't need to tell us if you are doing a DRIVE or not. If you are, you simply include a DRIVE cover sheet (which will be supplied with your kit) with your orders and return them to us in one batch.
